

Technical Sales Representative Golf and Turf Lower Mainland British Columbia

Do you have a passion for turf and are you intrigued by the consultative approach to sales? Looking to build your career in an exciting industry and a world-class organization? Target Specialty Products, one of North-America's largest & fastest growing Turf & Ornamental distributors is seeking a passionate, articulate, team-oriented person to join the Canadian sales team. The territory will be Lower Mainland and Interior BC.

Target Specialty Products (TSP) is a leading North American distributor of turfgrass & landscape maintenance products. We service both the private & public sectors of golf course maintenance, lawn care and sports turf maintenance from warehouses strategically located in BC, AB, SK, ON and QC. We have 14 technical sales reps providing Canada-wide consultation & solution-sales of nutrition, turf chemistry, seed, and specialty product. In total TSP has 80+ turf sales reps across Canada & USA from 40+ conveniently located branch locations. TSP is headquartered in Santa Fe Springs, California which also services Forestry & Vector Control, Aquatic, Nursery, Structural Pest, and Vegetation Management industries.

RESPONSIBILITIES - What do our Sales Representatives do?

Sales Representatives will join a team-oriented environment where they will proceed through a comprehensive training program to learn and understand our turfgrass and ornamental products. Team members call on a full spectrum of professional turf market segments. This role enjoys an atmosphere of a charismatic, result-oriented team with individual autonomy, travel, recognition, and rewards for achievement.

- Problem Solve - provide technical support and product information for client inquiries;
- Build trust, professional & consultative relationships with our customers;
- Create new business opportunities through prospecting, networking, leads, referrals and cross selling;
- Build partnerships and collaborate effectively with internal and external accounts to maximize growth opportunities and ensure the delivery of outstanding service solutions;
- Work with key vendor manufacturer representatives to remain current on technical product updates and market programs.

What do you need?

- Bachelor degree in Business or Science relevant to Turfgrass management
- Working knowledge of plant physiology, soil science and plant protection products;
- Strong communication skills, both written and verbal with ability to listen to client needs and present to both individuals and small groups;
- Must possess good organizational and interpersonal skills;
- Outgoing, Energetic and Persistent in nature;

- Ability to develop relationship/consultative selling with a strong attention to detail;
- Desire and ability to travel via vehicle to support your geographic territory;
- Self-motivated with the ability to work independently from a home office;
- Proficient computer skills; Google as well as Microsoft applications;
- Will be required to obtain any required industry licenses;
- Valid driver's license/clean driving record;
